COLLABRATION PROJECTS

Project Head NutnBolt

11/2020 - 11/2020

Bangalore

NutnBolt is a Food and Beverages consultant in Bangalore. I was a part of building the Live project with that company. The project is about analyzing the data in Zomato and help small-scale vendors to increase their sales & production.

Hackathon RevvSales

09/2020 - 09/2020

Bangalore

I was a part of the Hackathon conducted by RevvSales company. RevvSales is a trusted document management tool. I was part of building my own product with the use of their documents and pitching them the idea for better production.
